MEMORANDUM FOR: Director of ELINT

George:

I just wanted you to know that the briefing given by  
25X1 [redacted] of your office yesterday on the Agency's Quality  
ELINT program was a first-rate job and, as far as I could  
tell, was well received by all those in attendance.

As you well know from some of the things I have said  
to you from time to time, there has long been a need to  
describe in understandable terms what it is that our large  
investment in ELINT provides us. [redacted] briefing did  
this exceptionally well.

25X1

More power to you and yours.

[redacted] 25X1
